

DIALOGUE SAMPLES:

AAVA AND PLAYER CHARACTER:

The player sees the dead body of an old friend who looks very much like a victim of an amnesiac rampage by the player. AAVA is the player's automated assistant.

PLAYER:

How could I do something like this? I don't understand...

AAVA:

If you wish, I can track your moral decline via your quarterly performance reviews.

SKETCHY AND WILBUR:

Sketchy the radio operator and Wilbur the unhinged AI having a discussion after an aborted attempt by Wilbur to pretend to be Sketchy in order to recruit the player.

SKETCHY

Do I...actually sound like that? Not the weird cadence or the saying 'capital!' as an affirmation stuff...but like, the voice?

WILBUR

SKETCHY (REALLY HAPPY)

I sound cool as-

FX: CENSORSHIP BLEEP

SKETCHY CONT'

Did you just bleep me? You mother-

FX: SKETCHY'S VOICE VANISHES IN A WAVE OF STATIC.

WILBUR

Gosh. They seemed VERY cross. Now, on to more important things.

AMELIA, VINNIE AND MIKE HARKING:

Amelia, and by proxy her pet demon Vinnie, has been brought in as a consultant by a psychiatric hospital to assess whether or not a patient is actually possessed or not.

MIKE HARKING
(SHOUTING THROUGH GLASS)

He is coming! He is coming and
I am the Herald of his
darkness, the speaker of his
truths, truths I have written
in the blood of the innocent!

AMELIA
So...what do you think? Unseen
rider?

VINNIE
Nah...near as I can tell this
one's just a jerk.

AMELIA
You think everyone's a jerk.

VINNIE
Yeah, well, I'm right. Especially
this guy.
